Nyini Ngoolark Biddi (small White-Tailed Black Cockatoo)
160 metres

This blue flow/jump trail features step downs, tabletops, berms and rollers. The trail utilises the existing landscape to incorporate fast and flowing elevation changes and undulations that are sure to put a smile on your face!

Boorong Ngoolark Biddi (big White-Tailed Black Cockatoo)
160 metres

Wear your helmet and shoes, gloves and body armour. This black jump trail is inspired by the shapes and scale of the mythical BMX trail scene, however built in the real world of mountain biking with lots of large trickable jumps and lots of speed variations created by the features.
