

## Karumba Self guided Heritage Walk/ Drive

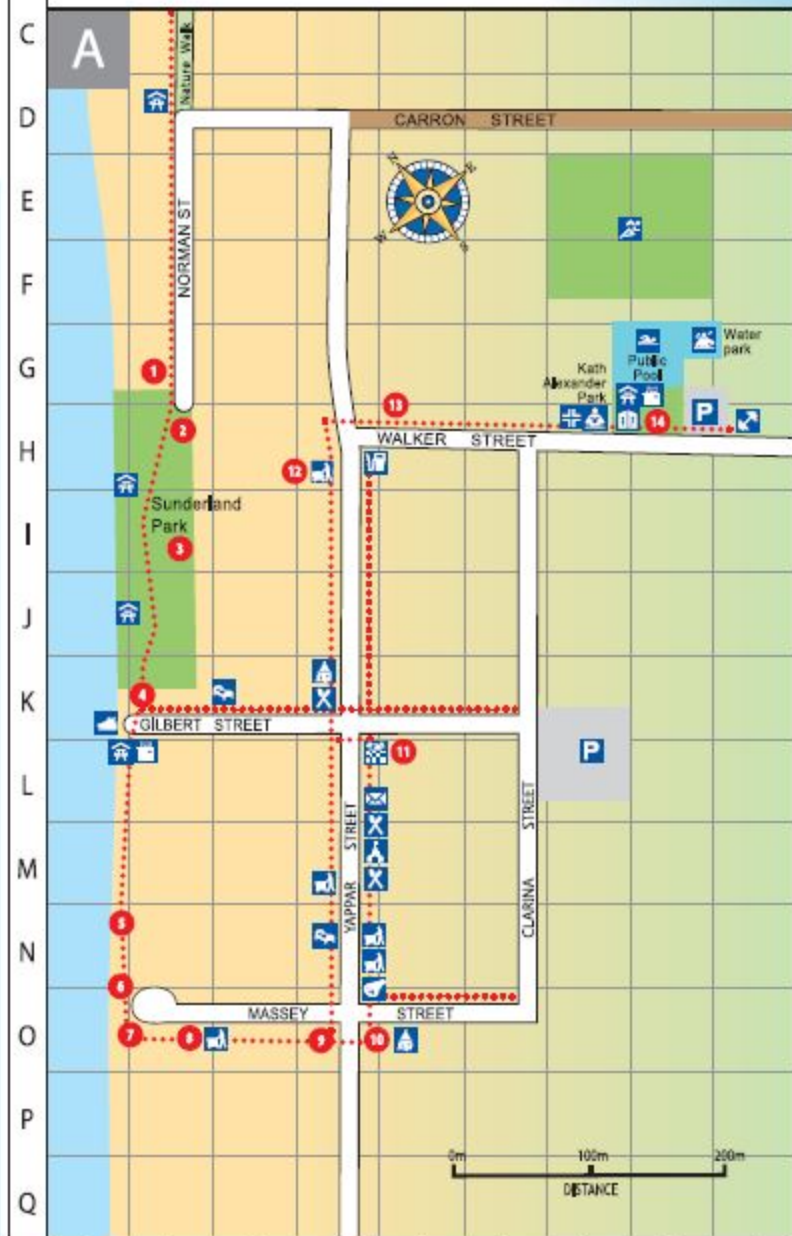

This grade 1 walk is a chance to find out more about Karumba and its surrounds. A sign at each of the numbered locations will take you back into times past. Follow the trail incorporating sections of concrete paths, natural walkways and road ways. Either walk the complete length (approx 15km) or walk some and drive the rest. The nature walk is a 3.9km section from The Point to the main section of Karumba Township.
