- Swimming
- Toilets
- Universal access
- Walk
- Whale watching
- Wildlife watching

**Note**  
4WD tracks in the park may be closed for the management of dieback disease.

**DANGER**  
Don't risk being the next victim!  
Always watch the ocean and stay well clear of sea level and cliff edges.

**Check the distance**  
Please check the scale on the map and plan your travel time carefully. Distances are greater than they appear. Most of the roads in the park are unsealed and conditions vary. The estimates below give the minimum travel time under ideal conditions. Expect to take longer.  
Devils Creek Road to Point Ann - 50 mins for 66km  
Quiss Road and Pabelup Drive to Point Ann - 60 mins for 64km  
Hammersley Drive To East Mt Barren from the north - 55 mins for 57km.

**Restricted Area**  
To prevent the spread of dieback on the peaks, Woolbernap Hill, Narpulungup and Quyne-Dillun-Up are closed to walkers from the 150m contour line upwards.
