

H HISTORIC VILLAGE HERBERTON PIONEER MUSEUM

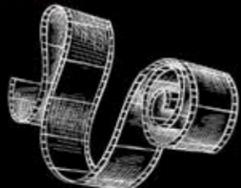

EXPLORE WITH OUR SELF-GUIDED HIGHLIGHTS TOUR

The life of an early settler was tough, particularly in our region where wealth was built on the back of mining. It was hard, back breaking, dirty work, but throughout this period, as the settlements of North Queensland grew including our town of Herberton, we witnessed periods of great prosperity, ingenuity and change.

The Village is testament to a period now long gone, and offers a wonderful insight into life at the turn of the century. We hope you enjoy our highlights tour as you walk in the footsteps of our pioneers.
